About this Course

The University of Toronto RiskLab CSC® preparatory course is part of its Financial Professional Training Program. This course will prepare you for the Canadian Securities course exam offered by the Canadian Securities Institute. The CSC® is a baseline regulatory requirement to perform securities and mutual fund transactions in many financial services positions, such as managing and sales of funds/pools. IIROC, MFDA and provincial regulatory authorities require the CSC® for licensing requirements.

This course will cover all learning objectives from the CSC® curriculum.

Students will find this course informative, educational and insightful.
